A. CRAIG & SON PAINTING
A TRADITION OF EXCELLENCE SINCE 1934

COMPANY PROFILE

Commercial, strata and industrial painting since 1934.

A fifth-generation family company based in Surrey, BC.

Who we are

A. Craig & Son Painting was founded in 1934 by Andrew Craig and his son Doug. Today Shaun and Bob run it, and the fifth generation is on the crew. We paint occupied, working buildings across the Lower Mainland and Fraser Valley, from Vancouver, Burnaby, Richmond, Surrey, Delta and Langley to Chilliwack.

What we paint

- Strata complexes
- Commercial buildings
- Warehouses
- Industrial facilities
- Healthcare centres
- Schools and campuses
- Municipal buildings
- Parkades

Services

- Interior and exterior painting
- Industrial coatings
- Dryfall ceilings
- Epoxy and floor coatings
- Line painting and safety markings
- Roof and exterior coatings
- Lead paint abatement
- Wood repair and restoration
- Pressure washing
- Maintenance contracts

Where we've worked

- Major healthcare centres across Metro Vancouver and the Fraser Valley for more than 30 years
- Post-secondary institutions in Burnaby, Vancouver, Surrey and Abbotsford
- Public school districts and independent schools across Metro Vancouver and the Fraser Valley
- Municipal buildings, fire halls and recreation centres across the Lower Mainland
- Warehouses, business parks and industrial plants, including food processing and biotech production facilities

Capacity and equipment

- 20 full-time and 30 part-time painters, with crews of 20 or more on a single site when the job calls for it
- More than 100 warehouses painted in the past 20yrs, over 50 of them in the last 5yrs
- More than 50 strata complexes painted, each with 50,000 to 100,000 sq. ft. of painted surface
- Trusted specialists for rope access, carpentry and repairs before painting
- Company-owned spray equipment, with lifts and scaffolding rented to suit each job
- More than 15 service vehicles, two trailers and two company-owned, fully stocked supply warehouses

Standards and safety

- Surfaces prepared and painted to Master Painters Institute (MPI) standards, following the manufacturer's data sheet for every product
- Independent MPDA inspection on jobs that call for it
- More than 15 journeyman painters, Red Seal certified painters, and apprentices trained through the Finishing Trades Institute of BC
- A written safety program, with every crew member trained in lead paint safety by the Hazardous Materials Association of BC
- WorkSafeBC certificate up to date, bonded and insured, and a member in good standing of DC38

Working with us

- A free site visit, then a written, fixed-price quote, with an itemized breakdown on request
- Phased pricing for multi-building or multi-year work
- Work planned around tenants, staff and the public, including after-hours shifts
- Most work carries a 3-year guarantee against coating failure, plus the paint manufacturer's product warranty
- References, WorkSafeBC and insurance certificates provided on request

Book a site visit.

Tell us about your building and we'll set up a time to walk it.
